

# CAR PARKING ONLY!

Sorry, but reserving parking spaces is prohibited by a section of the **Philadelphia Home Rule Charter** titled, “**Construction, encroachments and projections over, on and under streets.**” It dictates that “**No structure, fixture, excavation, obstruction or projection shall be erected or maintained over, on, in or under any street...**” I know you dug out the spot, but CLEARLY you dug out your car (which you own), not the parking space (which you do not own). Keep looking!

BROUGHT TO YOU BY 32OZ.COM AND CONCERNED PHILADELPHIAN'S WHO ALSO HAVE TO FIND A PARKING SPOT.
